

1. If draw option is winner question will always close at the end of the match, just like if under is the winner. Also please make sure question is closing properly if draw is winner. Below is example of question tested earlier where draw was the winner, but question closed mid-match as draw loser.

## Will Yasmani Grandal have Over/Under 1 home runs in the game?

Start Date: 01.10.2019 8:08 PM

Status: Close

As you can see Y. Grandal as 1 home runs so draw should be winner according to question. Question closed middle of the game as Draw loser and Over winner.

2. Currently live player stats are sometimes showing proper stats and other times page is refreshing and 0 is showing for stats. Here is example below.

I have noticed when 0 stats show it is showing full player name like Yasmani Grandal. When proper stats are showing it is only showing first letter and last name like Y. Grandal
