

Feedback for Durgesh

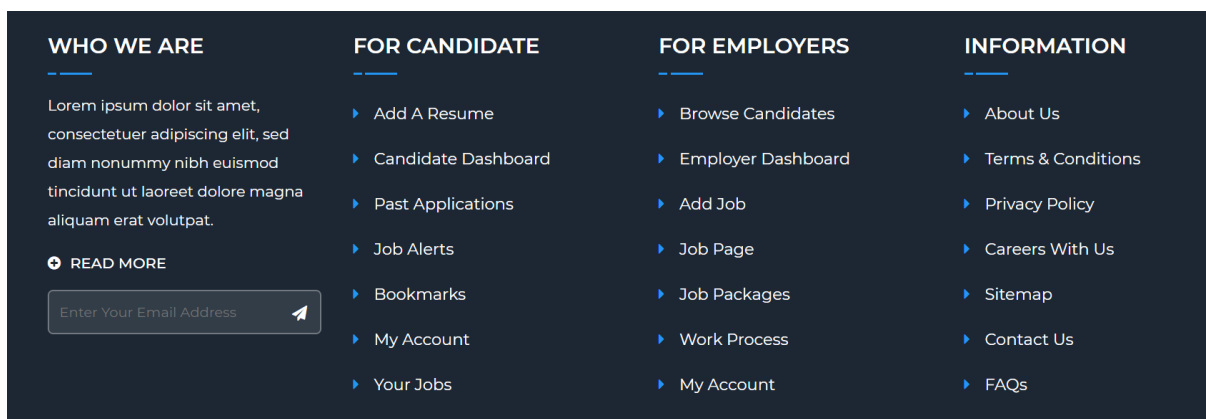

<http://mactosys.com/seasonal-job/index.html>

We are looking at updating the logo but leave this for now... we will let you know when we have a new one.

This needs to be a date calendar feature that they can select a date and it will show all the work after that date. (was there two calendars a start and finish date?)

There will be a lot of changes in this part but will wait until we have all the pages done before we do this as it will link to the pages changes.

Apart from that we are pretty happy with this page.
