

Find staff pages changes.

<http://mactosys.com/seasonal-job/find-staff.html>

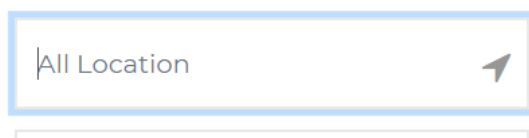

Can this be changed from “Name” to “Key word search”... so that the person looking for work can refine their search further

A rectangular search box with a light blue border. Inside, the text "By Name" is displayed in a light gray font. To the right of the text is a magnifying glass icon.

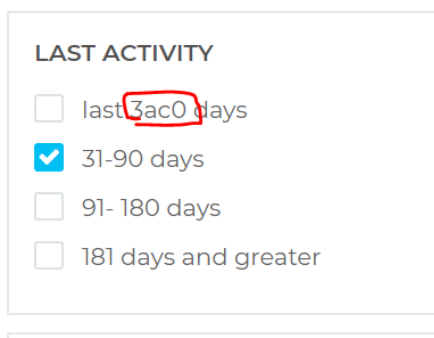

Can this just be changed from “ All location” to “location” please.

\*\*\*\*Could you also confirm that if they put another location in this box does it automatically refine the search when they press enter or will the person need to push a search button again.?

I am thinking it might be a good idea to add a search button on the bottom so they push to refine the search further.

A rectangular search box with a light blue border. Inside, the text "All Location" is displayed in a light gray font. To the right of the text is a magnifying glass icon.

There is a spelling mistake can “last 3ac0 days” be changed to “last 30 days” thanks I am sure you would have picked that up.

A form titled "LAST ACTIVITY" in bold. It contains four radio button options: "last 3ac0 days" (with "3ac0" circled in red), "31-90 days" (which is selected with a blue checkmark), "91- 180 days", and "181 days and greater".

Can you change “ Industry” To “Industry experience”

This would like through to what the staff user has checked in when creating their profile.

On this matter I have not seen this page for a while and wondered if you could forward it again with changes. I will forward a separate email to request this also. It was in early emails but not later ones.

**INDUSTRY**

- ☐ All categories
- ☐ Accounting, finance & legal
- ☐ Agriculture, fishing and forestry
- ☐ Construction & roading
- ☐ Film, television & Entertainment
- ☐ Government and council
- ☐ Health care & Education
- ☐ Horticulture & Viticulture
- ☐ Hospitality and tourism
- ☐ IT & Technology
- ☐ Manufacturing & operations
- ☐ Marketing & communications
- ☐ Office, Admin & HR
- ☐ Property
- ☐ Retail Sales & Customer Service

Please also put a Big blue search button under here please

Please can you add “level of fitness” this was to be ‘Below average, average, above average.’

It would be good to also have in here “dates available to work” This would be drawn from the calendar on the “staff user profile”

**Person's User Name (If Being Viewed By A Unregistered User)**

**Current location :** Auckland , Auckland

**Eligible to work in NZ :** Yes

**Level of English :** Good

**Key skills :** Key skills1, Key skills2, Key skills3

In terms of the “Eligible to work in NZ” we are seeking legal advice on what we are able to ask for.

What would be idea is on the “Staff user profile “ they could choose from the following” in a drop down list.

- New Zealand or Australian Citizens
- Cook Island, Niue or Tokelau born
- New Zealand Residence visa
- New Zealand work Visa. (if they put this option it would force them to put in their visa number- this would not be visabile on a front profile page
- Visa not yet approved.

If you can put this in we would be grateful, but we may need to change.
